ADDENDUM

The executory contracts and unexpired leases listed on this Annex B are hereby designated for assumption and assignment to the Purchaser in accordance with, and pursuant to, (1) section 365 of the Bankruptcy Code and (2) the terms and conditions of the Bidding Procedures Order.¹

Consistent with the Bidding Procedures Order, the Designated Agreements are not listed on an agreement-by-agreement basis. The Debtors are hereby designating all of the agreements with the parties identified on Annex B relating to the supply of goods and services to the Debtors for assumption and assignment, except as otherwise expressly provided herein (any such agreement designated for assumption and assignment, a "Designated Agreement"). If certain agreements are identified at the end of Annex B (just prior to this Addendum) as excluded from the list of Designated Agreements (the "Excluded Agreements"), those Excluded Agreements are not hereby designated for assumption and assignment. Unless otherwise stated on this Annex B, Designated Agreements include all contracts, purchase orders or similar agreements providing for the sale or provision of goods or services to the Debtors, and all related modifications, amendments, supplements, addenda and restatements thereof, related memoranda of understanding, ancillary agreements thereto and any and all similar agreements.

Each contract or lease listed on this Annex B will be assumed and assigned to the Purchaser only to the extent that any such contract or lease constitutes an executory contract or unexpired lease within the meaning of section 365 of the Bankruptcy Code.

The identified Cure Costs represents the aggregate Cure Costs for all of the Designated Agreements. Prior to payment of the Cure Costs in accordance with the terms of the Bidding Procedures Order, the Cure Costs will be reduced by the aggregate amount of any payments made by the Debtors on account of pre-Petition Date claims against the Debtors. To the extent applicable, the Cure Costs may be adjusted to account for changes in applicable currency exchange rates. Generally, the Purchaser will make payment upon Cure Costs for Designated Agreements that are the subject of a Confirmation Notice in accordance with the terms of the Bidding Procedures Order.

Address information for certain of the Non-Debtor Counterparties listed in this Annex B was not available at the time of this filing. If service on these parties cannot be accomplished at this time, the Debtors will serve the Assignment Notice on such Non-Debtor Counterparty in accordance with the Bidding Procedures Order when such information becomes available and the Section 365 Objection Deadline (as defined in the Bidding Procedures Order) shall be based on the date such service is effectuated.

¹ Capitalized terms used but not defined in this Addendum shall have the meanings given to them in the accompanying Assignment Notice.
